Agenda

touchstone LIVE

Tuesday 16th May 2023
The Alpha Room, Departure Terminal Building, Jersey Airport, JE1 1YB

09:30 **Welcome, Introductions, Agenda and Objectives**
David Singh – Head of Infor Business Unit will introduce Touchstone, the agenda and outline the objectives of the event.

09:45 **SunSystems Support Status**
In this session, Steve Smith will share with you information about the support status of the older version of SunSystems and advice on your upgrade options.

10:15 **SunSystems Cloud**
SunSystems Cloud has been a long time coming. In this session, we will introduce you to it and outline the benefits.

10:30 **SunSystems Cloud in Action**
Tony Gow will show you Infor OS and SunSystems Cloud in action, the user experience, new features and functions, as well as detail the modules included in the subscription.

11:15 **Refreshment Break**

11:45 **SunSystems Roadmap**
Now that SunSystems Cloud has been delivered, what can users expect from future releases? David Singh will explain all in this session.

12:00 **Add-On Applications**
SunSystems has a wealth of add on applications, in this session we will explain where they all fit in the new world of SunSystems Cloud

12:15 **Introducing Sysynkt for SunSystems**
Embracing automation technologies within the Finance department is a must to drive efficiencies and cost savings. In this session we will introduce you to a new suite of Cloud based applications from emerging software author Sysynkt that integrate to SunSystems. We will cover AP Automation and Bank Reconciliation.

13:00 **Lunch**

14:00 **Sharperlight**
Q&A has been the backbone of reporting from SunSystems since version 4.0, quite often we are asked, is there an alternative? In this session we will introduce Sharperlight a powerful reporting tool that can report over any data source, including SunSystems and EAM.

14:30 **HxGN EAM**
What's new in the latest version, including a live demonstration of the new mobile workforce app. We will also take questions on upgrading to this latest version and the process for doing so.

15:30 **Open Forum & Close**
